From the Principal Jeffrey S. Theodoss

The June *Foxworthy* will be our last newsletter for this school year. On behalf of the administration, faculty, and staff, I would like to thank all our students and parents for once again working together to make the 2009-2010 school years safe and productive.

To the class of 2010, we wish you well in your future endeavors. Don't forget as part of the Foxborough Family, we look forward to having you visit us from time to time to share your college or work experiences. That way, we may continue to find ways to support your efforts and needs.

Final schedules will be mailed out in June to all returning students. Students should check to verify that they have received the correct courses. Report any concerns to the guidance office so corrections can be made as quickly as possible. A final schedule with teachers and room assignments will be issued to students on the first day of school.

Students who are taking advanced placement courses will be required to complete some assignments over the summer. If a student finds himself/herself struggling with the work or not attempting the work, he/she may want to re-think whether they will stay in that particular AP course. Requesting a course change in July or August is better than waiting until the first day of school. The guidance staff will do it's best to place the student in the desired level and course, but placement is not guaranteed.

We have repeatedly stressed the importance of carefully selecting courses to avoid scheduling changes. It is important to us that we schedule courses that will best meet each student's needs.

Report cards will be mailed home approximately one week after school ends. Any student needing to attend summer school will be notified by the guidance office within two days after the end of school.

The second phase of the building renovation project will move into full swing on June 23rd. This phase will include

the removal of asbestos from the first floor, replacement of the heating and ventilation systems, gutting and modernizing the science labs, replacing windows and roofing. It will be a very ambitious schedule, and the timely coordination of the various contractors will be critical to finishing the renovations before school begins in September.

With the exception of the administrative offices, every other department and any summer program will be relocated to the Ahern School. If you need to speak to a guidance counselor, call the guidance office at the high school and listen to the message from Ms. Eileen Warnat (guidance secretary) to determine from which building guidance counselors will be working. Any questions can also be answered by calling the main office (508-543-1616 or 1617).

From all of us at the high school, have an enjoyable and safe summer vacation.

Sincerely,

Jeff Theodoss

News from the HISTORY CLUB

...Advisor Mrs. Marla Lonergan

April was a busy month for the FHS History Club.

On Friday, April 9th twelve members went into Boston to see the "Secrets of Tomb 10A" currently on view at the Museum of Fine Arts. Also in April, the club participated in a community service project with the Foxboro Historical Commission, documenting all of the graves at Memorial Hall Cemetery in the center of town. Students took pictures of each stone, and recorded information on the stones to be included in the Commission's new database.

ATTENTION GYMNASTS!

Three years ago, Foxborough High School had a gymnastics team that competed in the Hockomock League.

Several Foxborough students have expressed a desire to bring the gymnastics program back to the high school.

Before the process can begin, a level of interest must be established, and your help is needed!

If you have any interest in being a part of the Foxboro High School Gymnastics Team now or in the future.

Please respond to fhs-gymnastics@yahoo.com with the following information:

Name, Grade, Phone number, Experience (including cheerleading, dance, etc.) Thank you...

NEWS FROM THE SCIENCE DEPARTMENT

...Dept. Head, Paul Charpentier

On March 20, 2010 the

FHS Science Club, under the direction of co-advisors Ms. Elizabeth Keohane and Ms. Suzan Lins, traveled to

Framingham State College to compete in the Massachusetts State Science Olympiad.

The FHS team more than held its own against students from over forty eastern Massachusetts high schools in an assortment of laboratory and engineering events. Team members included: Tristan Ballard, Sean Bossardet, Ryan Cataldo, Leah Duncan, Victoria Johnston, and Matt Kominski. The day was both educational, and a great deal of fun!

Over 90 students from Biology II classes visited the Northeastern University's Marine Science Center in Nahant on Monday May 19. These students, along with their teachers (Mr. Jeremy Champlin, Ms. Annette Kahn-Arcangeli, and Ms. Suzan Lins) conducted tidal zone studies, along with several other marine science activities. The department thanks the FACES foundation, whose funding makes this visit possible.

Massachusetts State Science Fair (MSSEF)

Congratulations to Aheli Chattopadhyay, who won 2nd Place in the senior division at the MSSEF which took place at MIT in April. Her project was called:

"Emissions into Energy: Algae through Bio Sequestration. Aheli was also awarded a \$500.00 special award from the Massachusetts Chemistry Technology Company.

English Department News

From Dept Head – Ms. Laura Cronin

American Writers' Day

On April 27th, members of the junior class were able to meet with and learn from several American Writers as part of *American Writers' Day*. Funded by FACES grant, *American Writers Day* featured five authors: Beth Daley of *the Boston Globe*; Thomas Flynn, author of *Bikeman*; Fran Larkin, author of *5 Words and then Some*; Michael Atwood, author of *History of Santa Monica*, and poet Pamela Sneed. The diverse experiences of each author allowed students not only to learn about the profession of writing but also to discover more about both US History and the world around them. Many of the authors were world travelers, and therefore they were able to describe places ranging from California to New York to Honduras. Ms. Daley was able to discuss her experiences covering the war in Afghanistan, while Mr. Flynn talked about his experiences covering the tragedy of September 11th. After the event, all of the American writers commented about how impressed they were with the students of Foxborough High School. They were particularly complimentary as they recalled the high level of questions that FHS students asked.

Summer Reading

During the May English Department meeting, the summer reading list was revised in order to emphasize depth of understanding over breadth of titles. Therefore, the summer reading list has been shortened and students will be required to read one or two books for school next year. It is the department's hope that this decision will allow Foxborough students to read the required books with more depth and therefore to have a bit more time for their own "reading for pleasure."

Summer Reading

Thus, the required summer reading books for Foxborough High School are:

Grade Nine (Freshmen)

Honors:

Mythology by: Edith Hamilton

Into the Wild by: Jon Krakauer

College Preparatory and Alternative:

The Call of the Wild by: Jack London

Grade Ten (Sophomores)

Honors:

1984 by: George Orwell

College Preparatory and Alternative:

Of Mice and Men by: John Steinbeck

Grade Eleven (Juniors)

Honors:

Mean Spirit by: Linda Hogan

College Preparatory:

Ellen Foster by: Kaye Gibbons

Alternative:

The Five People You Meet in Heaven by: Mitch Albom

Grade Twelve (Seniors)

Advanced Placement:

The Diagnosis by: Alan Lightman **and**
The Stranger by: Albert Camus

Honors:

Frankenstein by: Mary Shelley

College Preparatory:

A Lesson Before Dying by: Ernest Gaines

Alternative:

The Five People You Meet in Heaven by: Mitch Albom

~~Teachers will be discussing the summer reading during~~ the first two weeks of school in order to assure that students fully understand the material. Therefore, your child should arrive at school in August with his or her summer reading and any notes that he or she has elected to take on the book. During the first week of school, English teachers will review that material with students in preparation for the summer reading assessments. Summer reading assessments will not be given until the second week of school.

Although the new summer reading format is a bit different from what has been used in the past, it is the department's hope that this new format will allow students to feel more comfortable with and less "stressed" about the grade that they will be receiving for their summer reading. Students can expect to have class time to cooperate with teachers in order to prepare for the aforementioned assessments. Additionally, students can expect the assessment of their summer reading to take one of the following formats: an essay, a project, a debate, or a Socratic discussion.

Questions about the new summer reading format can be directed to Ms. Cronin at croninl@foxborough.k12.ma.us. Please do not hesitate to e-mail her with any questions

that you may have.

COLLEGE ADMISSION GLOSSARY

BRAG SHEET - Also known as a Recommendation Data Sheet (available in Guidance). This document allows students to provide information that is used by teachers and counselors to write a letter of recommendation.

LETTER OF RECOMMENDATION - A letter of endorsement. Most colleges require two letters of recommendation: one from a guidance counselor and one from a teacher.

POST GRADUATE PROGRAM (OR P.G.) - A year of study between high school and college. This often gives a student an opportunity to mature and to improve academically.

EARLY ACTION - An admission program that allows you to apply EARLY (often November 1st or 15th, sometimes December 1st) and to receive a NON-BINDING early decision. You do not need to accept until May 1st and you may apply to other colleges under regular admission programs. Early Action applicant pools are often more competitive.

EARLY DECISION - An admission program that allows you to apply EARLY (often November 1st / 15th or December 1st) to one college only (your first choice) for an early admission decision from the college. The decision is binding which means you must agree to enroll if you are accepted, pay a non-refundable deposit, and withdraw applications from all other colleges. Individual policies vary from college to college so check with each school.

ROLLING ADMISSION - An admission policy used by many colleges to admit freshman students. A college reviews applications as they are received and offers a decision within 4 to 8 weeks. This can be as useful as EARLY ACTION.

FAFSA (Free Application for Federal Student Aid) Most schools use this form to determine financial aid. The form cannot be filled out before January 1st and must be completed every year that a student is seeking aid. The form requires both student and parent information.

CSS Profile Form - Financial Aid Form required by SOME private colleges in addition to the FAFSA.

GPA - Grade point average. One of the determining factors in college acceptance. Foxborough High School uses a Weighted GPA, which is explained in the school profile.

GRANT/SCHOLARSHIP - Financial aid that does not need to be paid back.

NCAA - A national organization governing college athletic programs.

SAT (Scholastic Aptitude Test) A reasoning test that measures critical reading, writing and math. Though still required by most colleges, some are dropping it as an admission criterion (www.collegeboard.com).

ACT (American College Test) A reasoning test that may be accepted in place of the SAT or in place of Subject Tests by some colleges (www.actstudent.org).

TRANSCRIPT - The official record of a student's academic history.

The National Honor Society

The National Honor Society has continued its community service throughout March and April. Community Service coordinator Gina Kackloudis ran a highly successful fashion show for the Belle of the Ball. With the help of 25 senior boys and girls, we were able to raise nearly \$700. All of the proceeds went to Belle of the Ball. The National Honor Society would like to thank Dream Prom of Easton, Delux Tux, Judy's Flowers, and the Students of Tri-Valley Regional for their donation of time and products. The advisors would also like to thank Gina for both coming up with and executing an incredible plan.

Senior Janelle Walsh was able to see the money put to use. She spent the first Saturday of vacation at Simmons College helping pick out prom outfits for local area teens. It was incredible event and one that the National Honor Society would like to continue a partnership with.

Gina Kackloudis also organized a trip to Cradles to Crayons. Cradles to Crayons were founded in 2002, with the mission of providing to children ages 0 to 12 some of the most important basics of life—free of charge.

These basics include clothing, school supplies, toys, and much more. In other words, they provide all the physical goods that children need to be safe, protected from the elements, and ready to learn. By supplying them with high-quality used or new goods, they make children feel valued.

They partner with social-service organizations to connect communities that have surplus resources—new or used items

in good condition—with communities that desperately need access to those resources.

When you donate to Cradles to Crayons, you can be absolutely sure that your donation will go to a deserving local child, for whom the donation was specifically requested.

Community Service Stars of the Month

All members of the National Honor Society are required to perform four hours of community service a month, but most students perform more than the minimum amount of hours. The advisors of the National Honor Society would like to recognize some of these students:

Taryn Laubenstein and Samantha

Smith: Taryn and Sam have spent the last year donating their time at the Mansfield Animal Shelter. Both students have spent at least 15 hours per month at the Shelter, more than often spending more than 15 hours. Thank you both for your hard work and continued service!
